

Subsidy criteria Foundation for International Education in the Netherlands (SIO)

- 1. The Board of SIO considers applications for a financial contribution by either international schools in the Netherlands, cooperative bodies of international schools in the Netherlands or educational support institutions that operate on behalf of international education in the Netherlands and/or the internationalization of regular Dutch-language education. SIO does not grant any financial means to a natural person.**
- 2. The contributions mentioned above are specifically meant for projects and initiatives that aim to improve the education and/or educational management.**
- 3. Only written applications, on the writing paper of the institution or organisation concerned, signed by an authorized person, with an estimate of both receipts and expenditures enclosed, will be considered.**
- 4. Applications that should be financed from the regular budget of the institution will not be qualified for a contribution. Likewise, initiatives that are of a recreational kind will make no allowance.**
- 5. Only those applications will be taken into consideration that are not or insufficiently subsidized by authorities, other funds or sponsors.**
- 6. SIO does not grant structural contributions. Requests for long-term contributions are rarely granted and only for a limited number of years. Long-term contributions cannot result in investments that exceed the period agreed to with concern to legal consequences.**
- 7. Applicants declare themselves willing to hand in a report and give account to SIO once their activity or project is finished. As far as the results are transferable, the applicants will make the necessary knowledge available to colleague institutions, relevant professional groups, trade organisations and knowledge institutes and will allow them to apply the attainments in their own circle. Results may also be distributed by SIO.**

- 8. In case of a possibly necessary continuation of the project (though not paid for by SIO), the applicants declare themselves prepared to look for a co-financer or to act as such themselves so that the completion of the initiative concerned is guaranteed.**
 - 9. A contribution will only be granted to non-profit institutions/ organisations.**
 - 10. Applicants cannot derive any rights from their application.**
